HAWKS LOOK TO TAKE NEXT STEP WITH STRONG SENIOR CLASS

Forest Hills Eastern Football Preview

With year two of Coach Tim McGee's getting ready to begin, the Forest Hills Eastern Hawks football team is in a position to create some havoc in the OK White this season. After a somewhat disappointing 4-5 campaign in '25, the Hawks return 17 starters, including a large group of seniors who gained valuable playing experience last year. If the Hawks can plug some holes on the defensive side of the ball, Coach McGee could get FHE back into the playoffs, a place they had visited in five seasons.

Part of that experience comes back on offense as the Hawks will be led by three returning '25 All-Conference performers. Third year starter at RB, Jordan Shabazz will be leaned on to carry the rushing attack. Connor Helminski also returns at the slot while leading WR, Luke Rosenbrook will be the main target. HM AC '25, Senior, Drew Ferrick will add to the rushing attack as well. Eastern will also be bolstered by the return of all five of their O-Line starters from '25 in Max Langdon, Sam Yared, Gavin O'Dell, Eli Langejans, and Jakson Wildern. If the Hawks are to be successful this fall, this offensive group will be a big part of it.

Defensively, expect to see contributions from many of the same faces on offense as the Hawks will employ many two-way players. Leading the D-Line will be Langejans, who was the Hawks leading tackler in '25. Helminski also adds speed from the outside while Shabazz will see time at LB. Rosenbrook and Ferrick will anchor the secondary as well.

This year's Hawk squad is ready to rise and compete for championships and Coach McGee is optimistic about their chances. If their depth can hold, expect to see the Hawks near the top of the OK White.
