BENGALS HOPE TO THRIVE UNDER NEW REGIME IN 2026

Ottawa Hills Football Preview

Ottawa Hills football has seen its struggles over the last decade, winning more than one game only once (2021) since 2015. Newly hired head coach, James Jones is hopeful that he and his coaching staff can reverse that trend by infusing new excitement into the program. Doing so in the tough OK Black conference will be a challenge, but Jones says his team is ready to battle.

Leading the charge for Ottawa Hills will be Senior, Iziah Battle, entering his third year as a starter for the Bengals. Key for the Bengals offense will be the play of offensive line returnees, Kamaron Hill, Davon Reid at Center, and Martell Jackson at Left Tackle. Defensively, Ottawa Hills returns Battle at linebacker as well as Zaier Sierra at Defensive End, and Louis Johnson at Defensive Tackle.

As any first year coach, Coach Jones could be expected to try to increase the numbers and depth in his program. Key newcomers he is adding this year will include Graysen Peacock-Stepheny at WR, Ian Burton - looking to add depth at running back and defensive back and TJ McCole in the secondary.

The Bengals get to start the 2026 campaign v. old City League and current GRPS rival Union. A fast start could add momentum to Jones campaign to revive Ottawa Hills's football program.
